COMMUNIQUE TEKNEO

A new protagonist in the numeric edition domain

TEKNEO, new protagonist in the numeric edition domain, is launching from the 15th of september a project invitation (APP) in the domain of the Numeric Book.

This project invitation is : '**A Nomad GameBook**'.

This project invitation is concerning the freelances in graphical arts who are interested by being edited on the new numeric platforms (The new generation touchscreen Smartphones, with or without accelerometer, Nintendo DSi and Sony PSP) the serie produced will also be published on the platforms web 2.0.

If you are a freelance in graphical arts on if you are going to become one, subscribe to the project invitation and be part of the best projects edited on multiplatforms.

To get informed of the pratical details of the project invitation, **subscribe to the newsletter.**
